## Getting Error Message “Regular expression too long” when trying to modify a lengthy text note.

The information in this document applies to:

- ExpertCAD (all versions)

### ISSUE

When using the “Change the current text” icon  to modify a lengthy text note, ExpertCAD reports the error: **Regular expression too long**.

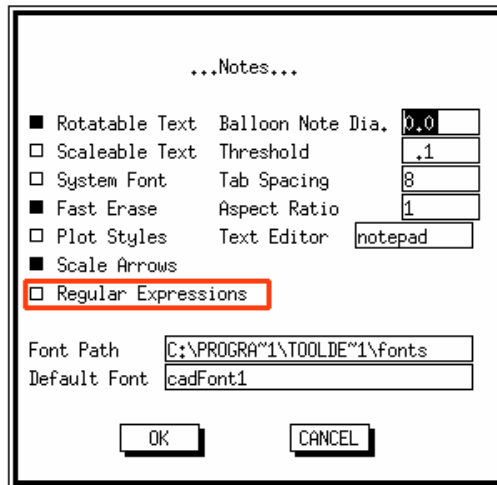

### RESOLUTION

Follow these steps to fix this issue:

1. Use the middle-mouse button and go to **SYSTEM > SET-UP > Notes** to start the **Notes** panel.

2. On the **Notes** panel turn off the **Regular Expressions** switch. Then hit **OK**.

3. Now click **SYSTEM > SET-UP > save** to save your settings.
